

ASAA CONCESSION POLICY

DISABLED WINTERSPORT ASSOCIATION PASSPORT HOLDERS

ASAA members provide a 50% concession on the regular full day lift pass price (adult and child) to DWA members on presentation of a current valid DWA Passport.

ASAA members provide a 50% concession on the regular full day lift pass price (adult generally) to DWA members who require a carer or guide and where that is noted or endorsed in the Passport.

ASAA members also provide a concession on private lessons conducted at all of their Snowsport School's for valid DWA Passport holders. Because pricing structures vary between resorts, the concession may be applied differently, and DWA members are advised to check the specific concession available at each resort. Each ASAA member has the discretion to apply lesson concessions as appropriate.

ASAA members may in some cases provide additional benefits and concession programs for the benefit of DWA members such as season pass concessions, rental concessions and the like. These additional benefits are provided at the sole discretion of the individual ASAA member in negotiation with DWA.
