

Mighty Mites (3-5 years) - Skiing Only

Mighty Mites learn skiing in half or full day sessions. It's a great way to introduce your children to snow, start them skiing or develop their existing skills. The program gives younger children a positive and complete skiing experience through building self-confidence, offering encouragement and having fun.

Upon arrival to the Snowzone, Mighty Mites need to fill out a registration form. To save time download the form, fill it out in advance and bring it with you to the resort.
